

Music to our EARS!

Praise for *Ain't Got No Cigarettes*

"When you've got a name like Lyle E Style, your only career options are playing point guard for the Kentucky Colonels circa 1973 or chronicling country music, and readers should be grateful that Style has chosen the latter path...through a quirk of deliberate or accidental genius, what Style has actually assembled is a living document of country music in its hootin', hollerin' outlaw heyday, when the D.J. Captain Midnight ruled the airwaves, Tootsie's Orchid Lounge was the ultimate hangout and everyone, it seems, was on cocaine – even the mimes."

- *The New York Times Book Review*

"I find it exceptional. A must-read book!"

- Legendary DJ Bill Mack

"Singer/Songwriter Lyle E Style has put together just the right type of book to celebrate and remember Roger Miller. Rather than churn out the standard biography, Style's work lets the people who really knew, admired and loved him, tell their stories. The result is a book that's sometimes hilarious, sometimes troubling and sometimes poignant, one that gives readers far more detail and insight into the Miller personality than any academic chronicle. ...As distinctive as he was versatile and unusual, Roger Miller's charm and skill is wonderfully outlined in this valuable account."

- *American Songwriter Magazine*

"This is a thoroughly enjoyable book, one you just can't put down until you've read every page and even then it leaves you wishing there were another 10 chapters."

- *Country Music News*

"I've read this book through twice and I know I'll pick it up again before too long. I can't recommend this one highly enough. It's a quintessential snapshot into the life of country music's most charming genius."

- *Take Country Back Magazine*
